

1/2/2022

Seesaw is a way we will be assessing students' learning, providing feedback and monitoring independent task completion. We will be connecting with parents by allowing you to view the work that your child has been doing in the classroom. Seesaw allows students to independently document what they are learning at school. They capture their learning with photos and videos of their work or by adding digital creations. Parents will only have access to their own child's journal. This means that you will see items tagged with your child's name as well as any other items that we tag with "Everyone". Parents cannot access any other student's content.

Seesaw will give you a window into our classroom and your child's learning progress. You can download Seesaw's Parent App for iOS or Android, as well as use the web to view your child's learning. When your child adds new work, you will receive a notification to view, listen to and respond to the item. You only have access to your own child's work and all of the content is stored securely. It is not expected that work samples will be uploaded daily. You will receive a handout with directions to download and sign up for your child's Seesaw journal once you return this note.

**Please note:** Seesaw is primarily a way for you to see what your child is learning at school. Please feel free to speak with one of us if you have any questions about Seesaw.

Thank you  
Classroom Teachers CBPS

## PERMISSION TO PUBLISH on See Saw FORM

As a parent/guardian of \_\_\_\_\_ in class \_\_\_\_\_,  
I give permission for him/her to have his/her image and/or work samples uploaded onto Seesaw. I understand that Seesaw is for students, teachers and parents only.
