School Plan 2018-2020

This semester we will be looking at our School Plan for 2018-2020. As part of this process, we will be seeking information from our families and community through surveys, interviews and forums. The first of our surveys will be available tonight at our Parent Teacher interviews and then in our front office for the next week. Please take the time to fill out this survey, which looks at communication at our school, as your opinion is important in helping us develop our new school plan.

Cyberwise

Did you know that the students who are currently at CBPS are the first generation to have not known life without the World Wide Web? The future for these children is largely uncharted territory. It has been predicted that the children of Generation Z (children born between 1995 and 2010) will have an average of 5 careers, 15 homes and 17 jobs in their lifetime! 1 in 2 of this generation is expected to gain a university degree, compared to the 1 in 4 of Generation X. 65% of today's students will be employed in jobs that haven't yet been created, to solve problems that don't yet exist. Their world is widely connected. At any moment in time, they can talk to someone on the other side of the world in real-time. Social media has overtaken face-to-face interaction, and students are increasingly visual and collaborative learners. In this modern age, it is increasingly important that we support students to become increasingly resilient learners that

think critically. Helping kids to stay safe online is something many parents are concerned about. Knowing about potential risks and how to deal with them can help manage negative situations. This term we will be focusing on some of the issues that students are facing in the digital world. Stay tuned! (According to research gathered from the ABS by McCrindle.com.au)

Congratulations and Best Wishes

We have had many extremely proud moments for students at Chittaway Bay PS over the last number of weeks. During the holidays Diana from K/6C competed in the Special Olympics in Brisbane and won 1st in 100m, 2nd 200m, 2nd in soccer, 3rd in Relay and 3rd in long jump. 5 medals in total. Well done, Diana!

Stella from 5/6K ran at the State Cross Country last Friday and came 14th out of 77 runners. This is an amazing achievement. Great running, Stella!

Noah from 5/6K is currently in America competing in the World Boys BMX Championships as part of the Australian 11 years BMX team. We wish Noah all the best and look forward to hearing about his ride when he returns to school. Good luck, Noah!

Jack in 2/3W won 2nd prize in the Emma McBride's Kitchen Garden Competition. Jack will be presented with his prize at morning assembly on Wednesday 30 August at 8:55am. Congratulations Jack!

Great Art

Some of our students' Aboriginal Art is currently on display at Bay Village Shopping Centre. If you get time, call in to Bay Village to see our creative display near Coles.

Grants

During the holidays, I received the exciting news that we had been successful in our grant application to Sporting Schools for gymnastics at school for our Kindergarten, Stage One and Support Unit students. This term students in these grades will take part in a 4-week gymnastics program at school. The full cost of this program is covered by the grant.

Chittaway Bay Public School

We also got the wonderful news that we had been successful in our Waste and Recycling Grant from Remondis. This grant is for \$1,000 to improve the gardens and chicken pen in the back playground.

PBL

This week's PBL focus is being Safe, Responsible, Respectful and Engaged in all areas of the school. Students will be learning about and discussing:

| We are: | What it looks like: |
|-------------|--|
| Safe | <ul style="list-style-type: none">• Keep hands, feet and objects to yourself• Follow adult instructions |
| Responsible | <ul style="list-style-type: none">• Be in the right place at the right time• Take care of property |
| Respectful | <ul style="list-style-type: none">• Use polite talk• Care for others |
| Engaged | <ul style="list-style-type: none">• Do your personal best• Allow others to learn |

*** Everyone - Everywhere - Every Time ***

Keeping our students safe around schools.

As we start the school year, please remember to observe our road rules at Chittaway Bay. When dropping students at school in the morning and picking up students in the afternoon please be aware that the bus bay cannot be used as a drop off point between the bus zone times - 8.30am-9.30 and 2.30pm to 3.30pm. This area is for buses only during these times. Parents should also ensure that children use the pedestrian crossing if they need to cross the road to school.

Kindergarten

We have begun our planning phase for 2018. It is important that we have accurate numbers of kindergarten students who will be coming to our school in 2018. If you have a child who will be enrolling in kindergarten in 2018 please make contact with our school office. If you know of any community members who have children that are due to start school next year, please ask them to make contact with the school's front office team.

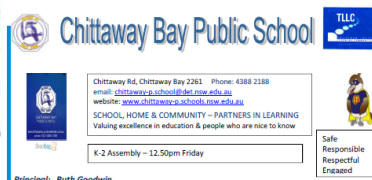

Our Kindergarten transition program will start with story time afternoons in September.

Brrrrr, it's getting cold out there!

Did you know that in most parts of NSW you still need to use sun protection on most winter days, as the UV rating usually still gets above 3?

"How do I know when I require sun protection during winter?"

Download and check the SunSmart App or widget!

- On your smartphone or tablet, just go to the App Store or Google Play and search 'SunSmart'. Enter your location and you're good to go!
- If you're using a computer, go to [this link](#) and follow the instructions!

Going to the snow?

Did you know the snow can reflect up to 90% of UV radiation! Even when the UV rating is below 3, if you are near highly reflective surfaces, like snow, you still need sun protection.

Want to know more? [Click here.](#)

Worried about your vitamin D levels this winter?

Those who use sunscreen regularly when UV levels are 3 and above do not have lower vitamin D levels than people who don't. [Click here](#) to read about how much UV exposure you need to keep your vitamin D levels up.

Be a SunSmart role model and your kids will follow your lead.
