Tuggerah Lakes learning Community Leadership Day

Last Tuesday twenty students from Year 5 attended the Tuggerah Lakes learning Community Leadership Day at Magenta Shores. During the day, the students listened to presentations about leadership from a former student Maddy O'Grady and Martial Arts inspirational speaker Nadine Champion. They then attended three workshops on topics including STEM, Martial Arts, Drama, Programming and Rhythm. Congratulations to all of our students who had a fantastic day and displayed excellent leadership behaviour.

Chittaway Bay Public School provides quality education for all students and our Kindergarten program gives students an excellent start to their education.

If you have a child or know of a child in our community who will be starting in kindergarten in 2018, please make contact with our school office.

Our Kindergarten transition program will start with story time afternoons in September.

Parent Feedback Forum on Our 2018-2020 School Plan

This Semester we will be looking at our School Plan for 2018-2020. As part of this process, we will be seeking information from our families and community through surveys, interviews and forums.

You are invited to attend one of two forums that I will be holding at school. The aim of these forums is to gain family's views about our school to help develop our 2018-2020 School Plan.

The forums will be held on Thursday 31st August, 4pm - 5pm and Thursday 7th September, 9.10am-10.10am.

At these forums, I will give parents an opportunity to provide feedback about our school. This information will help us plan for 2018-2020 to ensure that every child receives the best education at CBPS. Please come and join me in the library/connected classroom. If you are not able to attend

Chittaway Bay Public School

one of these forums but would like to provide the school with your feedback, please telephone to provide your feedback or send an email.

We have also developed a number of surveys, which are available in the front office. Please take the time to fill out these surveys about our school as your opinion is important in helping us develop our new school plan.

Cyberwise – Supporting your child’s safe use of online games and in-app purchases

If your child plays online games and uses apps it is important to use the games safely and understand how the costs can add up. Apps and online games provide great social interaction and entertainment but additional costs can be incurred even after you have already paid for the game.

For example, while playing the online game or using the app, your child may be given the option to pay again for extra content such as bonus game levels or points.

To help control the costs of online games and apps:

- * Turn off ‘in-app’ purchases in the settings of your phone and other devices so your child has to ask to buy additional levels/ characters/lands.
- * Keep passwords to yourself so others can’t purchase apps and add-ons without you knowing.
- * Talk to your child about costs. Explain that games, apps and the extra features in them all cost real money. Watch your child play a game or app and explain which parts cost extra.
- * Set a reasonable weekly or monthly spend for apps or games and help your child track their spending so they can make good choices. For older kids talk about data costs as well.
- * Check what your child is doing. Are the games and apps appropriate? Online games have ratings and some apps and games have inappropriate ads with links to adult websites, contain offensive material or replicate gambling games. Check out the [multimedia reviews](#) on the iParent section of the eSafety website. The eSafety website also has tips on how to protect your children from [inappropriate content](#), including pornography, self-harm sites and violent videos and games.

This week we will be focusing on being Safe, Responsible, Respectful and Engaged in the office area. Please take the time to discuss these four PBL expectations with your child.
